

Fact Sheet of The Jockey Club HKFA Football Training Centre

Located at 190 Wan Po Road, Tseung Kwan O, the Jockey Club HKFA Football Training Centre (the Centre) is a large-scale football training facility covering approximately 12 hectares. Its construction was funded by The Hong Kong Jockey Club through its Charities Trust. The Centre is operated by the Hong Kong Football Association (HKFA).

The Centre has three full-size natural grass football pitches and three full-size artificial turf football pitches. The three full-size natural grass football pitches are compliant with FIFA 11-A-Side football standards, while the artificial turf football pitches are certified by FIFA. One artificial turf pitch has been rated as meeting the standards of the World Rugby Council.

Other facilities at the Centre include a gym room, multi-function classroom, physiotherapy room, changing rooms and car park. To promote environmental protection and sustainability, the Centre has installed 392 solar panels, which are expected to produce a total of 200,000 kWh of electricity per year.

The Centre began operating in August 2018. From March 2019 onwards the artificial turf football pitches have accepted public bookings. A shuttle bus service to and from the MTR Tseung Kwan O station is available to facilitate public access to the venue. For more information and updates on the Jockey Club HKFA Football Training Centre, please visit: <https://ftc.hkfa.com/en>

Apart from being the main training base for Hong Kong Representative Teams and Hong Kong Premier League clubs, the Centre is also a venue for various community football programmes, including the following projects under the Jockey Club HKFA Football Development Programme:
