

HONG KONG PATTERN BOOK 2016-2017

www.hkjc.com

The Hong Kong Jockey Club
RIDING HIGH TOGETHER

I am pleased to share with you the Hong Kong Pattern Book for the 2016/17 season. These are particularly exciting times for Hong Kong racing in light of this spring's announcement by the International Race Planning Advisory Committee regarding its approval of Hong Kong's promotion to Part I of the International Cataloguing Standards and International Statistics Book, more commonly known as the "Blue Book".

This elevation means that Hong Kong will stage a further 17 International Pattern races this season, making a total of 31, all of which are open to overseas competitors. Alongside our 11 established Group 1 contests, Hong Kong will now also stage eight Group 2 races and 12 Group 3 contests. With this in mind, the Hong Kong Jockey Club has for the first time produced this season-long prospectus highlighting each of those Group races.

Our racing is world class, our facilities are outstanding and our prize money is second to none. Hong Kong has the highest average prize money per race anywhere in the world and with our Group 1 purses ranging from HK\$10 million to HK\$25 million, all of our Group 2 races carrying a HK\$4 million prize and each Group 3 contest worth HK\$3 million, the incentives are obvious.

This season offers international horsemen a great opportunity to participate more fully in one of the world's most vibrant and lucrative racing circuits. We look forward to welcoming you.

HK\$400 per day) and livery charge (HK\$430 per day).

6. The Club strongly recommends to ship horses at least 8 days before the date of the race to allow for the recovery from, and appropriate treatment of, any potential travel related illness. Please note that medications used in the treatment of such horses, may be detected in samples taken for much longer than a week. Early arrival requests exceeding 14 days before the date of the race may be permitted by the Club, subject to availability of isolation stables in Hong Kong. However, it should be noted that Owners may be required to pay for any extra charges incurred for early arrival arrangements.

HORSEMEN'S GUIDE

INSURANCE

All visiting horse connections (Owners, Trainers, Assistant Trainers, Travelling Head Lads, Exercise (track work) Riders and Grooms) are strongly recommended to arrange their own insurance to cover travel, work and non-work related injury and illness.

All visiting Jockeys will be covered for medical, personal accident and liability insurance under the Club's insurance policy upon licensing for injury arising out of their occupation within the Club's premises.

LICENSING

Licences for visiting Trainers and Jockeys will be issued on arrival. All Trainers and Jockeys who are granted a licence agree to be bound by the Rules of Racing and Instructions made by the Stewards of the Hong Kong Jockey Club ("the Rules") in force at the relevant time. The Club's Rules of Racing can be found at:

http://www.hkjc.com/English/racinginfo/racing_rules_instr.asp

Visiting Jockeys are required to arrive in Hong Kong at least one day prior to race day, unless alternative arrangements are approved by the Stipendiary Stewards in advance. A visiting jockey's licence will permit the holder to accept offers to ride in all races at Sha Tin on the day of the International race meeting. Jockeys invited to participate in the LONGINES International Jockeys Championship ("LONGINES IJC") conducted at Happy Valley Racecourse on the Wednesday prior to the LONGINES Hong Kong International race meeting may also accept race riding engagements for any race conducted at that race meeting and further may accept riding engagements at the LONGINES Hong Kong International race meeting the following Sunday irrespective of whether they hold an engagement to ride an invited international horse or otherwise.

ADVERTISEMENTS & SPONSORSHIP MATERIALS

Unless otherwise approved by the Stewards of The Hong Kong Jockey Club, no licensed person or member of stable staff is permitted to wear any item of clothing displaying any advertising material during the conduct of the race meeting and no horse shall be equipped with gear displaying any advertising material. Only riding breeches approved by the Club which do not carry words, colour seams or sponsorship logos may be worn by Jockeys in races or in track work. The Club may require Jockeys and stable staff to wear branded gear.

PRE-RACE MEETING

All Jockeys participating in the LONGINES IJC and/or in any of the International races are required to attend a briefing with the Racing Stewards before the first race on the day of the relevant race meeting in the Inquiry Room at either Racecourse.

RIDING CLEARANCE

All Jockeys are required to provide to the Stipendiary Stewards a clearance certificate from the racing jurisdiction in which they last rode notifying that they are not under any embargo which precludes them from accepting and fulfilling riding engagements in Hong Kong.

HELMET / SAFETY VEST

Only helmets and safety vests complying with the following safety standards are approved to be worn by Jockeys and track work riders in Hong Kong, both in track work and in races:

In order for a helmet to be approved for use, it will be necessary for a manufacturer's label to be attached to the helmet stating that it complies with any of the safety standards listed. Any helmet that does not comply with the aforementioned list of approved safety standards or does not carry a manufacturer's label will be confiscated by the Stipendiary

Stewards. A helmet must not be continued to be worn and must be immediately replaced if it has sustained a significant impact or when the rider wearing it has suffered from a concussion as a result of a fall.

Safety Vests

In order for a safety vest to be approved for use, it will be necessary for a manufacturer's label to be attached to the safety vest stating that it complies with any of the safety standards listed above. Any safety vest that does not comply with the aforementioned list of approved safety standards or does not carry a manufacturer's label will be confiscated by the Stipendiary Stewards. Further, it is an offence to modify a safety vest in any way. Any person who is found to have a modified safety vest in their possession may be subject to disciplinary action and the safety vest will be confiscated.

Jockeys are entitled to a two pound allowance for the safety vest at the scales when weighing out for a race.

BREECHES

Jockeys participating in the LONGINES IJC are required to advise the International Racing Department of the size of the breeches they wear. The Club will provide a pair of breeches embroidered with the Jockey's name in both English and Chinese free of charge.

For Jockeys participating at the International Race meeting, each Jockey will be required to forward a pair of breeches so the Club can arrange for the embroidered name of the Jockey in both English and Chinese to be affixed to the breeches.

RIDING EQUIPMENT

Personal riding equipment (boots, whip, helmet, safety vest, etc.), or any tack used on any horse outside of Hong Kong, **must** be presented to either the HKJC Quarantine Stables Manager or Dr Peter Curl, Executive Manager, Veterinary Regulation ("EM, VR") for cleaning / disinfection prior to its use on any local horse.

VETERINARY & RACING PROTOCOLS

CRITICAL DATES

1. During the 90 days prior to export to Hong Kong, but not within 14 days, a horse must be administered either a primary course of approved vaccinations against equine influenza comprising of at least two doses with an interval of 4 to 6 weeks (or according to the terms of vaccine registration with the relevant government authority) or a booster vaccination given within 12 months of a primary course.
2. During the 14 days prior to export of the horse to Hong Kong, specific disease testing is to be performed.
3. No less than 10 days prior to a horse departing for Hong Kong, irrespective of the country in which the horse is located at the time, the trainer must submit the First Medication Declaration Form (MDF1) to the Club on the official form provided.
4. Between six days (maximum) and three days (minimum) prior to the horse departing for Hong Kong, irrespective of the country in which the horse is located at the time, a pre-travel veterinary inspection must be performed by a Club approved veterinary surgeon. At the time of this inspection, the inspecting veterinary surgeon must obtain from the horse's trainer a completed and signed copy of the Medications Declaration Form Two (MDF2), which records any additional medications administered to the horse since the submission of the First Medications Declaration Form (MDF1).
5. All medications administered to the horse after the veterinary inspection until its arrival in Hong Kong must be reported in writing to the Club on the Medications Declaration Form Three (MDF3) provided.

***NB** - Please refer to the Hong Kong SAR Government "Export Certificate for Horses Temporarily Imported into Hong Kong (Version: September 2011)" for provisions relating to vaccinations and disease testing involving multi-country travel.

The following standard official forms may be downloaded from the Club website at http://www.hkjc.com/english/racinginfo/horsemen/handbook_medication.asp

- "Medication Declaration Form for Racehorses Travelling to Hong Kong to Compete in International Races" (MDF1)
- "Medication Declaration Update Form for Racehorses Travelling to Hong Kong to Compete in International Races" (MDF2)
- "Post-Arrival Medication Declaration Form for Racehorses Travelling to Hong Kong to Compete in International Races" (MDF3)
- "Pre-Travel Veterinary Inspection Form for Racehorses Travelling to Hong Kong to compete in International Races"

CRITICAL MATTERS

The following items must be carefully read, understood and complied with:

1. **Pre-travel Treatments**

- a. All racehorses must test free of prohibited substances on race day.
- b. Trainers should be aware that advice given for the pre-race withdrawal periods of medications used in Hong Kong may be different from those used/recommended in other racing jurisdictions and also, that withdrawal periods may well be more conservative.
- c. It is the responsibility of the Trainer, in writing, to seek clarification, from EM, VR (Fax: +852 2602 3305 or email: peter.curl@hkjc.org.hk), regarding the recommended pre-race withdrawal periods used in Hong Kong for SPECIFIC medications, before they are administered to their horses.
- d. Trainers are reminded that certain corticosteroids, hormones, procaine penicillin and other slowly-eliminating medications may be detected for several months and that they are responsible for ensuring that their horses are free of all such substances.
- e. In accordance with Article 6E of the International Agreement on Breeding, Racing and Wagering; any horse administered any of the substances listed as '*not to be administered to racehorses at any time in their career*' (<http://www.horseracingintfed.com/default.asp?section=IABRW&area=2#a6E>), including and especially anabolic steroids, will not be permitted to race. If however, any such substances were administered under exceptional circumstances and in accordance with the IFHA's exceptional use for therapeutic purposes facility, the horse shall be considered ineligible to race until a minimum of six months has elapsed after administration – irrespective of subsequent analytical test results and / or the country of residence at the time of the administration.

2. **Medication Lists**

- a. The Trainer must submit the horse's medication declaration using the supplied standard official form, to the EM, VR no less than 10 days prior to the horse departing for Hong Kong, irrespective of the country in which the horse is located at the time and the Club will acknowledge its receipt.
- b. The list must include **all** medications administered to the horse within one (1) month of the horse departing for Hong Kong and the last date of administration of all anabolic substances, long-acting corticosteroids, hormones, procaine penicillin and other slowly eliminated medications, including implants. This applies irrespective of which country the horse is located in prior to departing for Hong Kong.
- c. The Club approved inspecting veterinary surgeon must, at the time of his/her inspection, be provided with an update of any medication administered to the horse since the first medication declaration and document this in writing on the supplied standard official form to be submitted to the EM, VR.
- d. Any medications administered to the horse between the pre-travel veterinary inspection and the horse's arrival in Hong Kong must be immediately declared, in writing, using the supplied standard official form, to the EM, VR.
- e. It is important to note that **all** medications administered to the horse must be declared, irrespective of whether or not they are considered as, or to contain, prohibited substances, under the Rules of Racing in any other racing jurisdictions.

3. **Pre-travel Veterinary Inspection**

- a. This compulsory inspection to evaluate veterinary aspects of the horse's suitability for travel and racing **MUST** be performed between six (6) days (maximum) and three (3) days (minimum) prior to the horse departing for Hong Kong, irrespective of the country in which the horse is located at the time, and the report **MUST** be made on the supplied standard form.
- b. It is **ESSENTIAL** that the Club's approved inspecting veterinary surgeon sends his / her inspection report **AND** the updated medication list to the EM, VR **at least three (3) days prior to the horse departing for Hong Kong**. The Club will acknowledge receipt of the veterinary report. Failure to submit the forms on time may prevent approval being given for the horse to travel to Hong Kong.

4. **Equine Influenza Vaccination**

- a. Advance planning of racehorse vaccination programmes is essential as some countries' veterinary authorities may have differing and / or additional vaccination requirements for re-entry.
- b. No horse shall be accepted for travel unless it is certified by a registered Veterinary Surgeon to be correctly vaccinated against equine influenza as follows:

During the 90 days immediately prior to export from its country of permanent or usual residency, but not within 14 days of export, the horse was administered:

EITHER

A primary course of approved vaccinations against equine influenza comprising of at least two doses with an interval of 4 to 6 weeks or according to the terms of vaccine registration with the relevant government authority.

OR

A booster vaccination against equine influenza which was given within 12 months of a primary course, or within 12 months of a booster vaccination where it, and any other previous booster vaccinations, had been administered annually within a regular 12-month period since the primary course (which consisted of at least two doses with an interval of 4 to 6 weeks or according to the terms of vaccine registration with the relevant government authority).

- c. Please study the "Veterinary Guidelines for Horses Travelling Temporarily to Hong Kong" later in this document for further details.

5. **Pre-travel Tests**

- a. Equine infectious anaemia (EIA) and equine piroplasmosis tests **MUST** be performed within 14 days of export to Hong Kong.
- b. An equine influenza test **MUST** be performed within 48 hours prior to departure in the exporting country.
- c. Please study the "Veterinary Guidelines for Horses Travelling Temporarily to Hong Kong" later in this document for further details.

PRE AND POST-TRAVEL INSPECTION, HEALTH PROCEDURES, MEDICATION AND TESTING

1. The equine health protocols for the temporary importation into Hong Kong of registered racehorses for international races is available at the Hong Kong Government website:

And / or the Club's horse shipping agents in each country.

It is essential that, prior to embarking on any journey, the racehorse's connections make appropriate enquiries of the veterinary authorities of all countries to be visited, including the country of final destination, to ensure that they have fulfilled all import requirements.

2. It is **strongly recommended** that every invited horse has a thorough veterinary clinical examination (including blood tests and endoscopy), performed by its usual veterinary surgeon, prior to travelling to Hong Kong, to ensure that it is suitable to embark on very long road and air journeys to reduce the risks of the horse being affected by "travel sickness". A mild clinical or sub-clinical respiratory infection will undoubtedly be exacerbated by travel and could jeopardise a horse's chance of competing in the race and adversely affect its future health.
3. All invited horses will be subject to a stringent pre-travel veterinary inspection by a Club approved veterinary surgeon before its departure to Hong Kong, irrespective of the country in which the horse is located at the time. The purpose of this inspection is to ensure that the horse is not suffering from any apparent problems, which could possibly:
 - jeopardise its chances of competing in its race
 - have an adverse effect on its performance in its race
 - cause it to finish lame or suffer an injury during the race
 - adversely affect its health during travel

The inspection, as a minimum, requires the horse to be trotted-up in-hand on a firm flat surface and to undergo palpation of its locomotor structures.

4. A Pre-travel Elective Urine Testing Service is available through the Club to assist the connections of horses to determine whether or not their horses are free of previously administered therapeutic medications. Please note that this is an advisory service only and that the official samples are those collected in Hong Kong. Details of this service may be obtained from the EM, VR.

5. If a Trainer has more than one groom / representative for his / her horse or horses, then ALL accompanying grooms / representatives will be deemed to be able to represent that Trainer's interest in respect of ALL sample collection procedures, unless written notification to the contrary is provided to the Club by the Trainer.
6. Upon arrival at the isolation stables in Hong Kong, all horses will be required to provide blood and urine samples for analysis for prohibited substances. The trainer MUST ensure that his / her representative is present at the time of the horse's arrival in quarantine to assist with and witness the sample collection. Contracted flying grooms or grooms travelling with other horses are NOT permitted to assist in this process.
7. Any sample reported positive to any prohibited substance as a result of this test and which is not consistent with the information declared on the pre-travel medication forms or with treatments documented to have been administered during travel (as declared in writing immediately upon the horse's arrival in Hong Kong), may be withdrawn at the absolute discretion of the Stipendiary Stewards anytime prior to racing. If the horse is withdrawn under these circumstances, the travel subsidy and declaration fee may be forfeited at the discretion of the Stewards of the Club.
8. In accordance with the Rules of Racing, it is a requirement that each trainer must as soon as practicable, report to a Veterinary Officer or Veterinary Surgeon of the Club any condition, abnormality, injury or sickness that may have the potential to affect, or might have affected, a horse's performance in a race.
9. All racehorses in Hong Kong are required to pass a pre-race veterinary inspection conducted after track work the day before they race.

Further information on medication of racehorses is available on the Club's website
http://www.hkjc.com/english/racinginfo/horsemen/handbook_medication.asp
or on request from the Club's DVR.

VACCINATION AND QUARANTINE

1. Certified documentary evidence of all vaccinations that have been administered to the horse must be available for inspection by the Club and Government Officials.
2. Visiting horses will be allocated specific isolation stables, training times and training locations. All notices and instructions (written and verbal) issued by Club and Government officials relating to these matters must be strictly complied with. Since all overseas racehorses temporarily visiting Hong Kong are of equivalent health status, they shall, unless otherwise advised, be permitted to use the training tracks at the same time as each other, but at different times to local horses. Access to the isolation unit is strictly restricted to authorised persons only and all such persons must be registered with the Club's Security & Integrity Department.

MEDICATION AND PROHIBITED SUBSTANCES

1. The Rules are based upon participation free of prohibited substances and, therefore, all racehorses in Hong Kong are tested pre-race for such substances. Selected horses will also be tested post-race.
2. The Rules provide that *"The Stewards shall have the power to withdraw at their discretion any declared runner if a pre-race test taken from such horse is reported by the Chief Racing Chemist or other chemist authorised by him as positive or potentially positive for the presence of any prohibited substance."*
3. The Trainer may also be punished for breaching the Rules, in the event that a horse which has been declared to start in a race, is found to have been administered or been exposed to a prohibited substance.

4. Whilst in Hong Kong, no treatment of any sort may be given to any racehorse without prior permission from the Club's veterinary surgeons – who are the only persons authorised to administer all treatments. If in doubt about treatment of any sort, the horse's Trainer, or his authorised representative, should contact one of the Club's veterinary surgeons. There are many specific Rules and Instructions concerning the treatment of racehorses in Hong Kong and you should be aware that on the day it is to race, no horse shall receive any treatment, which includes any substance administered by injection, by stomach tube, by oral paste, by dose syringe, by topical application or by inhalation. Furthermore, the performance of manipulative therapy is not permitted on race day prior to the horse running in its scheduled race. No horse is permitted to be subject to an endoscopic examination on the day on which it is to race until after having competed in its race, without the express approval of the EM, VR. The use of ice, ice packs or cold water treatment on a horse's limbs within two (2) hours of the scheduled time of the race is strictly prohibited.
5. It must be noted that any person providing veterinary services in Hong Kong must, as a statutory requirement under the Veterinary Surgeons Registration Ordinance, be registered with the Veterinary Surgeons Board of Hong Kong. To obtain such registration may take several weeks. Should a horse's connections anticipate that they may require the services of their own, or a specialist veterinary surgeon, then application to the Veterinary Surgeons Board of Hong Kong must be made at least four (4) weeks prior to such services being required.
6. It should be emphasised that all treatments given to, or procedures carried out on, a horse by a visiting veterinary surgeon, who has been properly registered in Hong Kong, shall be supervised by a Club veterinary surgeon.
7. The prohibited substances under the Club's Rules are:
 - a. Substances capable at any time of causing an action or effect, or both an action and effect, within one or more of the following mammalian body systems:
 - the nervous system
 - the cardiovascular system
 - the respiratory system

SHOEING

1. All horses must race shod with four aluminium plates (shoes). No horse shall be permitted to race unshod.
2. The Club's farriers will be available for shoeing when required.
3. Trainers are advised that the approval of the EM, VR must first be obtained for the plating of horses for racing in any way other than with a nailed-on plain shoe. The use of any substance between the plate and the hoof, such as wedges, leathers, etc. also requires inspection and the approval of the EM, VR.
4. Glue-on aluminium racing plates are permitted if necessary and must be approved by the EM, VR. It must be noted that it is not permitted for glue-on shoes to be applied or re-applied less than two (2) hours prior to the start time of the horse's race.
