The Jockeys' Accident Compensation Scheme

Rule 167. The Club maintains and administers a scheme known as the Jockeys' Accident Compensation Scheme ("the Scheme") to provide jockeys and apprentices a daily allowance for injury and a lump sum benefit in the event of death, permanent total or permanent partial disablement resulting from an accident occurring whilst the injured jockey or apprentice is carrying out his duties riding in races or riding work on any racecourse under the control of the Stewards of the Jockey Club. In exceptional circumstances the Stewards may also make ex-gratia payments to such injured jockeys or apprentices out of the Scheme. The Scheme will continue to be in force until such time as the Stewards of the Jockey Club may determine.

Rule 168. The Stewards of the Jockey Club may determine and make such rules on the administration of and payment under the Scheme from time to time. Subject to the prevailing rules at the time of the injury or disablement: —

- (1) In the event of a jockey or apprentice jockey holding a current licence is unable to ride work or ride in races on account of injuries sustained in race riding or riding work for a period of no less than 7 days, such jockey or apprentice jockey may be entitled to a payment of a daily allowance as fixed from time to time by the Stewards of the Jockey Club up to a total period of 106 weeks during which he is indisposed.
- (2) A jockey or apprentice may be entitled to a lump sum as fixed from time to time by the Stewards of the Jockey Club if he dies or suffers any permanent total disablement or permanent partial disablement resulting from an accident occurring whilst he is carrying out his duties riding in races or riding work on any racecourse under the control of the Stewards of the Jockey Club.
- (3) Payment in all cases will be subject to medical certification issued by a doctor appointed by the Club and provision of other information or documentation as required by the Club.
